Subject: **Notice of Suspension for Certificate of Product Registration (CPR) Nos. LP-01-083 and 3LP-01-006 for the products Full Harvest Root and Leaf Fertilizer and Full Harvest Microbial Inoculant and Certificate of Registration (COR) No. LP-OSA-006 for Victory Global Unlimited Systems, Inc.**

Dear **Mr. Buteng**:

This letter serves as a formal Notice of Suspension of your company's Certificate of Registration (COR) and product's Certificate of Product Registration (CPR) effective August 04, 2022.

As basis for the suspension, we quote Article XII of the Department Circular (DC) No. 04, Series of 2020 which states that ***"the COR and CPR shall be suspended based on the non-submission of a new organic certificate within one (1) month after its expiration"***.

Your Organic Certificate No 056721-1, issued by OCCP-ICSI expired on May 24, 2022. To date, the BAFS has not received any reply despite our email reminders sent on May 11, June 13, and August 3, 2022, requesting the submission of an updated OC.

However, should you decide to renew, you may apply for an appeal for reconsideration following the procedures stated in Clause 1.2, Section 1, Article XV of DC 04 series of 2020. An OC submitted within two months will lift the suspension of COR and CPR. Should we not receive the updated OC, your COR and CPR will be eventually revoked.

Very truly yours,
