Memorandum

TO : ALL BAFS EMPLOYEES

FROM : OFFICE OF THE OIC-DIRECTOR

SUBJECT : ON-SITE WORK SUSPENSION ON MARCH 12 - 16, 2021 FOR MASSIVE DISINFECTION OF THE BAFS BUILDING, ANNEX BUILDING AND VEHICLES

Following the issuance of the DA Memorandum dated March 10, 2021, announcing the on-site work suspension from March 11-17, 2021 for massive disinfection and considering that the bulk of our day-to-day operation is connected to the DA Central Office, a Temporary Lockdown and Disinfection of Facilities in the BAFS Main Building, Annex Building, and Vehicles will be conducted from March 12 - 16, 2021.

The three-day on-site work suspension is a critical period for the Bureau to break the chain of transmission, in such case, our personnel (particularly the liaison officers and other personnel who went to DA Central Office to conduct official business) were exposed to any of the DA personnel who might have contracted the coronavirus.

This period will be used by the Health and Safety Officers and the Building Maintenance Team to disinfect the BAFS Main Building and other critical facilities within the compound. Further, our personnel will take this opportunity to boost their immune system and monitor their health status.

All employees shall be from a Work-from-Home arrangement and are enjoined to be vigilant as we ensure the safety and health of everyone in the BAFS.

For guidance and compliance.
