Subject: **Notice of Suspension for Certificate of Product Registration (CPR) No. LP-01-093 for the product Omnika and Certificate of Registration (COR) No. LP-OSA-075 for ONEJMR Trading**

Dear **Mr. Jimenez:**

This letter serves as a formal Notice of Suspension of your company's Certificate of Registration (COR) and your product's Certificate of Product Registration (CPR) effective February 02, 2023 due to the non-submission of new organic certificate which expired on September 02, 2022.

The submission of new Organic Certificate (OC) within one month after the expiration of COR and CPR is a requirement per Article XII of the Department Circular (DC) No. 04, series of 2020: *Guidelines on the Registration of Organic Soil Amendments (OSA) Producers and Products*. To date, the BAFS has not received your renewed OC despite our email reminders sent on September 28 and October 14, 2022, requesting the submission of an updated OC.

Please also be informed of the following:

1. application for reconsideration per Clause 1.2 Section 1, Article XV of DC 04 series of 2020
2. an OC submitted within two months will lift the suspension of COR and CPR
3. non-receipt of an updated OC will result to revocation of both COR and CPR.

Should you have further inquiries, you may contact the Organic Agriculture Division-Registration Section at oars.bafs@gmail.com or telephone numbers (02) 928-8741 to 64 local 3304.

Thank you and we look forward to your compliance to the necessary documentary requirements for the renewal of your organic agriculture registration.

Very truly yours,

KAREN KRISTINE A. ROSCOM, PhD
Director IV
