Subject: **Notice of Suspension for Certificate of Product Registration (CPR) No. LP-01-080 for the product Wonder Grow and Certificate of Registration (COR) No. LP-OSA-066 for Andrade Fertilizer Manufacturing**

Dear **Mr. Candole:**

This letter serves as a formal Notice of Suspension of your company's Certificate of Registration (COR) and product's Certificate of Product Registration (CPR) effective June 15, 2022.

Quoting as basis for the suspension is Article XII of the Department Circular (DC) No. 04, Series of 2020 which states that *"the COR and CPR shall be suspended based on the non-submission of a new organic certificate within one (1) month after its expiration"*.

Your Organic Certificate No. 055421-1, issued by OCCP-ICSI expired on February 17, 2022. To date, the BAFS has not received any reply despite our email reminders sent on March 07 and June 13, 2022, requesting the submission of an updated OC.

However, should you decide to renew, you may apply for an appeal for reconsideration following the procedures stated in Clause 1.2, Section 1, Article XV of DC 04 series of 2020. An OC submitted within two months will lift the suspension of COR and CPR. Should we not receive the updated OC, your COR and CPR will be revoked.

Very truly yours,

VIVENCIO R. MAMARIL, PhD
Director IV
